

Become a pro in no time. Winter Park provides the tools to expand each experience on the snow.

Women's Only

Winter Park Ski and Ride School offers camps especially with women in mind. Taught exclusively by female coaches dedicated to creating a supportive environment to improve skills and make new friends.

Featuring programs like "Gravity Goddess" weekend and 3 week progressive ski camp, as well as Burton Women's Ride Camp, all women participants will improve their skills and expand their abilities on the mountain.

Not to mention, these camps all include something special. From lunch on Mary Jane, opportunities to demo the latest equipment, and après parties!

Adult Camps

With camps like "Steep & Deep", "Bobs Mogul Camp", "Mary Jane Tele-daze" and "Mary Jane Bump Jamboree", our adult camps provide a challenging and fun filled full day experience. And hey, lunch is included!

Kids FISH Programs

The Kids Multi-Week Programs at Winter Park were developed to give kids the best approach to learning, improving and cultivating their abilities as skiers and snowboarders. Whether a Guppy, Minnow, Barracuda or Piranha, all of our programs have ability levels ranging from first timer to expert.

The really unique thing about being a FISH is that you have the same instructor and classmates every lesson. So it's a chance to not only improve your skills, but to make new friends on the mountain.
